

Salesian Annual Planner

"Forming good Christians and Good citizens"

The spirit of Don Bosco drives us to educate and accompany children and young people with love, reason, and faith, providing them with an environment where they can grow in knowledge, values, and hope. This annual planner helps us organize our mission in Wau, South Sudan, guided by the principles of the preventive system and the certainty that education transforms lives.

Each of our centers has a color that represents its identity and mission:

Parish (Yellow): The light of faith that illuminates the path of our community. Like the sun that never ceases to shine, the parish is the spiritual center that welcomes, guides, and strengthens the Christian life of children, youth, and families.

Primary Schools (Blue): The horizon of knowledge and education. Like the open sky full of new opportunities, the primary schools provide academic and human formation, sowing the hope of a better future in the hearts of children.

Technical Training Center (Gray): The solidity of well-done work. Like a strong stone that builds secure foundations, the technical center equips young people with skills that will allow them to face life with dignity and self-sufficiency.

Children's Care Center – CCC Boys (Red): The fire of love and protection. Inspired by Don Bosco's burning charity, this center welcomes the most vulnerable, offering them a safe home, affection, and holistic formation.

Youth | Alter Servants The hope and joy of youth. Like a fertile field where new vocations and dreams flourish, the oratory is a space for gathering, play, and growth in faith, where young people can feel loved and be protagonists of their own story.

May this planner help us walk together with enthusiasm and commitment in our mission to be "signs and bearers of God's love to the young."
